ALL ROADS LEAD TO CUMBERLAND GAP, TENNESSEE FOR THE GREAT CONVENTION OF NSCA ON FRIDAY AND SATURDAY, OCTOBER 5 - 6, 1984...

If you have not made your reservations, better do so at once!! Call your nearest HOLIDAY INN and they can line you up!! Mention NSCA since we have a block of rooms reserved.....

DON'T FORGET TO MAIL THE RESERVATIONS FORM BELOW AT ONCE SO THAT ARRANGEMENTS CAN BE COMPLETED BY THE CONVENTION COMMITTEE....

NOTE THAT SOMETHING NEW IS BEING TRIED THIS YEAR ON THE BUSINESS MEETING. INSTEAD OF HOLDING THE MEETING EARLY ON SATURDAY AFTERNOON, ALL BUSINESS WILL BE CONDUCTED AT THE SATURDAY MORNING BREAKFAST AT 7:00 A.M. THIS WILL LEAVE THE ENTIRE DAY FREE FOR BUYING, SELLING AND TRADING TOKENS AND OTHER MINE ARTIFACTS...

Since I do not have contact with the Motel or the Convention Chairman, I do not know how many are making plans to come but the Tennessee - Kentucky area always puts on a great convention !! I know that Corky Snodgress and I plan to motor down on Thursday (if all goes well with my mother who is 91). Too, I had a letter from Bill Williges in California and he indicated that he might be taking a vacation trip and wanted to include NSCA... Anyway, for those of you who have attended previous NSCA conventions, there is no need to give you a sales pitch!! You know what activity takes place and the large number of tokens that are available to buy, sell or trade!!

(Orders for 96 copies already have been received)

The BOUND edition is ready for mailing now.....

The LOOSE LEAF edition is expected from the printer any day....

The special bound COLLECTORS EDITION (only 25 made), hopefully will be ready for delivery by the October meeting. In any event, the holders of the option to purchase copy numbers 9 and 21 have decided not to exercise their options. We, therefore, are offering these two copies to NSCA members.

In order to give all members an equal opportunity to purchase one of these beautiful collector books, we will accept BIDS on each book through October 15, 1984, with the minimum bid of \$60.00, postpaid. In case of tie bids, the earliest postmark or telephone request will be awarded the book. Bids should be mailed to NSCA Catalog Committee, P. O. Box 3015, Oak Ridge, TN 37830 OR telephone 615-482-1616.

In the unlikely event that the books do not sell to NSCA members, they will be offered to non-member book collectors.

As for the regular edition, use the convenient order blank below or any letter or post card with the same information to place your order for either VOL I (all states except WV) OR Vol II (West Virginia), or both at the special NSCA member price. #### TID-BITS !!

One item on the agenda for the Board of Directors meeting in Cumberland Gap will be the proposal to open the pages of "SCRIP TALK" to members who wish to conduct their own mail auction sales and advertise in the bulletin. To this point, the Board has opposed this since it would cut down on the revenues received to publish the bulletin!! If members conduct their own sales, there would be no consignments made to the editor to run in the present Mail Auction Sales. Too, there would probably have to be an increase in members dues to offset the loss of profits from the current bulletin auction!! Give this matter some thought and if you like let the members of the Board have your ideas so that they can be discussed at the Executive Committee meeting!!

For the past few mail sales, the number of members bidding has been low!! Too, most just bid on two or three items and much of the material goes to the person who bids on all lots at the \$1. minimum bid!! We realize that the economy is rough in certain areas, however, we urge that you bid on a greater number of lots!! I know of no member who has sold his collection after holding it for a time that did not realize a nice gain on his investment in tokens !!

Since this issue is being prepared before the close of Sale No. 95 (closing date 9/21/84) the PRICES REALIZED will not be ready until the next issue of the bulletin !!

#### FOR SALE !!!

Coal mine postcards from most U. S. states plus Canadian, Great Britain and foreign!! Also coal advertising and trade cards plus misc. coal cards!! Write for information and prices for any state or items for which you have an interest !! Cards sent on approval !!

## SOME COAL COMPANIES OF 1893

By Arlie Slabaugh

Gordon Dodrill, in his book "20,000 Coal Company Stores," listed coal companies from 1903 to 1958. This book, published in 1971, serves as a valuable concise listing of coal companies during the period mentioned. Mr. Dodrill spent five years compiling the data from the Keystone Coal Field Directory. The first year of the directory was 1903 and that explains why the listings do not go back farther than that although it is well known that coal companies existed before that time. I have made many notations in my copy of Dodrill's catalog and I expect that other collectors have done the same. These notations have mostly come from isolated sources but one that is of particular interest is the data I have sifted from listings of thousands of exhibitors of various articles at the World's Columbian Exposition held in Chicago during 1893. Among the exhibitors were coal firms who displayed examples of coal.

Since not many collectors have access to data on exhibitors at the Columbian World's Fair, I have compiled a list of the firms that made displays of coal at the exposition. Before proceeding with this list, a few observations are in order.

First of all, I cannot say with certainty that all of these firms mined coal themselves (such as the Atchison, Topeka & Santa Fe Railroad) but at least they controlled enough coal supplies to warrant exhibiting it. Secondly, the address may or may not be the same as where the mines were located; the address may sometimes be the headquarters of the firm. Thirdly, many coal firms did not exhibit at the Columbian Exposition. Of those that did, I believe that collectors will find it of interest to compare the list against Dodrill's catalog. It will be found that some correspond with his listings, others are unlisted and still others are from unlisted towns or have had the name changed since 1893. For example, the Ashland Coal & Iron Co., Ashland, Ky. apparently later became the Ashland Iron & Mining Co. In any case, I hope that this data may be of some value in identifying the source of a few earlier tokens.
